No.4099/34-D.

Sub:- Preparation and maintenance of Select Lists for promotion from the Lower to the Higher services and posts.

Reference your letter No.502, dated the 22nd October 1947, on the above subject. According to Government's information, SSE, BES Class III and EMS Class III are the only services for promotion in which Select Lists are not being maintained so far but the question whether such lists can be maintained has been considered. Of these three services, Government has decided to maintain Select Lists in respect of BES Class III and EMS Class III and the Education and Industries Department and Health and Local Government Department are taking steps to prepare the necessary lists so far as they are respectively concerned in consultation with the Commission. So far as the SSE is concerned, as promotion is made from that service circlewise, Government considers that maintenance of Select Lists will involve unnecessary

complications. Accordingly it has decided not to maintain any Select Lists in respect of that service for the time being.
